B.E. (Bachelor of Engineering)
Viva Institute of Technology, Virar (2015 - 2018)
I have pursuit my B.E. with first class from the respective institute

Diploma in Engineering
Government Polytechnic, Mumbai (2012 - 2015)
I have pursuit my Diploma with first class from the respective institute

S.S.C.
Maharashtra State Board (2011 - 2012)

Work Experience

PRDXN, React Front End Developer
(From Jan2020 – Present)

PRESENTATION MAKER APP
- Work closely with react js framework business and multiple development, architecture, design, and test teams to implement next generation application.
- Design and Write code for web/mobile HTML 5 service-driven applications that scale to high-volume production instances, which includes test-driven and quality centric solutions.
- The Main Moto of this app to take inputs from user and make presentation PPTX file based on different inputs added by user.
- The App is basically divided in two core sections where one is Admin side panel and another user side panel , where admin having all the access of app , and he can manage the users access.
- Work experience with **git** branching structure , and resolving conflicts.
- Had great working experience with react js framework while building this project.
- Had experience of Deployment of app using AWS environment.

LANDING PAGE MAKER TOOL
- The main moto of this tool is to generate landing page which consist of html and css zip file.
- It is the sub-sequent tool present in Presentation Maker App, user can make landing page for it's own projects.
- Deliver quality code by applying the best development practices.

REMI ELECTROMAGNETIC, Supervisor
(From Jan2019 – Dec2019)

PRESS SHOP DEPARTMENT
- Accomplishes department objectives by supervising staff and organizing and monitoring work process.
- Maintains safe and healthy work environment by establishing and enforcing organization standards and adhering to legal regulations.
